**Chiang Mai University Regulations
on Graduate Studies,
B.E. 2568 (2025)**

To guarantee the successful administration of graduate education at Chiang Mai University in accordance with the objectives and principles outlined in the Ministerial Regulation on Higher Education Curriculum Standards B.E. 2565 (2022) and the Declaration of the Commission on Higher Education Standards regarding the Graduate Program Standards B.E. 2565 (2022),

Pursuant to the authority conferred by Section 25 (3) and (4) of the Chiang Mai University Act B.E. 2551 (2008), and in accordance with the recommendations of the Academic Council, and the resolution of the Chiang Mai University Council from its Meeting No. 1/2568 February B.E. 2568 (2025), the following regulations are hereby officially promulgated.

Section 1: This regulation shall be referred to as the “Chiang Mai University Regulations on Graduate Studies, B.E. 2568 (2025).”

Section 2: This regulation shall become effective on the day subsequent to their official introduction.

It shall be applicable to graduate studies at Chiang Mai University commencing in the academic year B.E. 2568 (2025). Students admitted prior to the academic year B.E. 2568 (2025) shall continue to adhere to the preceding regulations.

Section 3: All prior regulations, rules, orders, or announcements that are specified herein or those that conflict with or contradict to these regulations, shall be superseded by these regulations.

Section 4: In relation to this regulation,

"**University**" denotes Chiang Mai University.

"**University Council**" denotes the Council of Chiang Mai University.

"**Division**" denotes a faculty, college, or academic division called by other names that provide graduate education under Chiang Mai University.

"**Higher Education Institution**" denotes any other higher education institution accredited by the Office of the Permanent Secretary of the Ministry of Higher Education, Science, Research and Innovation or the University on a case-by-case basis.

"**Foreign Language**" denotes any language apart from Thai.

“Duration of Study” denotes the comprehensive timeframe of study commencing from the initial semester of enrollment, which includes coursework, research, academic publication, thesis or independent study completion, and fulfillment of all program criteria and graduation requirements, ultimately leading to the nomination for a degree, graduate diploma, or higher graduate diploma. This duration excludes semesters during which students are leave of absence.

Section 5: Qualifications and Conditions for Applicants

5.1 Applicants must possess a higher education degree and fulfill the necessary qualifications:

5.1.1 Applicants for Graduate Diploma Programs must possess a Bachelor's degree or its equivalent.

5.1.2 Applicants for Higher Graduate Diploma Programs must possess either a graduate diploma, a six-year bachelor's degree, a master's degree, or an equivalent qualification.

5.1.3 Applicants for Master's Degree Programs must possess a Bachelor's degree or its equivalent.

5.1.4 Applicants for Doctoral Degree Programs must satisfy one of the following criteria:

(1) Hold a Master's degree or its equivalent.

(2) Hold a Bachelor's degree or its equivalent with exceptional academic achievement (a minimum cumulative GPA of 3.50 on a 4.00 scale), or, in the case of a satisfactory academic record (minimum GPA of 3.00), may be eligible for admission under criteria stipulated by the program.

(3) Fulfill the University's stipulated English language competency standards.

5.2 Applicants must be free from any illness or condition that could hinder their studies.

5.3 Applicants must fulfill any supplementary qualifications as stipulated by the University and the specific program.

Section 6: Admission Procedures

The University will admit students via a selection process, entrance examination, or other pre-announced methods.

Student transfers shall be governed by the University's announcement.

Applicants who have successfully completed the selection process but are pending the fulfillment of qualifications under Section 5.1 may enroll as students, provided they satisfy all qualifications within the timeframe specified in the University's announcement.

Section 7: Types of Students

7.1 A full-time student is defined as an individual who satisfies the criteria outlined in Section 5 and is accepted into a full-time academic program by the University.

7.2 A special student is defined as a student permitted to enroll in designated courses or university services, or to engage in research, yet is ineligible to be conferred a degree, graduate diploma, or higher graduate diploma from the University.

7.3 A probationary student is defined as an individual who either does not meet certain admission qualifications or applies beyond the designated admission timeframe, nevertheless is allowed by the program to pursue studies under particular restrictions. A student of this nature is ineligible to be conferred a degree, graduate diploma, or higher graduate diploma from the University. Upon meeting the requisite standards, the student's status may be altered to that of a full-time student.

All admission processes and alterations in student status shall adhere to the University's announcements.

Section 8: Student Enrollment/Registration

Applicants who have been officially admitted, as announced by the University, must report in person for registration as students, bringing the necessary documentation on the stated date and time. Failure to comply will be regarded as a forfeiture of the admission offer.

Section 9: Changes in Academic Plan, Program Transfer, Alteration of Educational Level, Credit Transfer, and Credit Equivalency

All changes in the academic plan, program transfers, changes in educational level, credit transfers, and credit equivalency must adhere to the University's official announcements.

Section 10: Educational System

10.1 Chiang Mai University utilizes the subsequent educational systems:

10.1.1 Semester System

The semester system is a system that divides education in 1 academic year into 2 regular semesters with a duration of not less than 15 weeks per semester and may have a summer semester which is an unenforceable semester of about 6 weeks with the same number of study hours for each course as the regular semester.

In case any subject area consists of courses that need to be offered in the summer for field training, cooperative education or projects, administration and management of courses during this period are not considered part of the summer term; however, they are treated as if they are an integral component of the regular academic term.

10.1.2 Year-Round System

This system comprises a minimum of 36 weeks. The total instructional time, contact hours, and number of credits must adhere to the established criteria of the semester system and the period of commencement, duration of study, and conclusion of the academic year shall follow the University regulation.

10.1.3 Modular System

This system breaks down educational content based on learning modules. The total instructional time, contact hours, and number of credits must adhere to the established criteria of the semester system.

10.2 The University implements a credit-based system. The number of credits indicates the extent of learning necessary for each course. Credit distribution shall conform to the criteria of the semester system, as outlined below:

10.2.1 Courses that involve lecture or problem-solving sessions for no less than 15 hours per regular academic shall carry a value of 1 credit.

10.2.2 Courses that involve laboratory or practical work for no less than 30 hours per regular academic shall carry a value of 1 credit.

10.2.3 Courses that involve internship or fieldwork for no less than 45 hours per regular academic shall carry a value of 1 credit.

10.2.4 Projects or assigned learning activities that require no less than 45 hours per regular academic shall carry a value of 1 credit.

10.2.5 Thesis or independent study involving no less than 45 hours of study carry a value of 1 credit.

10.2.6 For other learning activities not included in the aforementioned categories, but contributing to learning outcomes in a regular semester, shall carry a value of 1 credit in accordance with the University Council stipulation.

10.3 The University may establish prerequisites or registration requirements for specific courses to facilitate successful learning.

10.4 Each course must possess a designated course code and title.

10.5 A course code consists of an abbreviation of the academic discipline (up to four letters) followed by a three-digit number, where the initial digit denotes the course level:

“1” and “2” denote basic undergraduate courses.

“3”, “4”, “5”, and “6” denote advanced undergraduate courses.

“7”, “8”, and “9” denote graduate-level courses.

10.6 When a course is officially discontinued, the accountable academic unit shall verify that no students necessitate the course for graduation. The course code must be preserved for a minimum of five years.

Section 11: Academic Programs

11.1 Graduate-level academic programs must adhere to the University's official announcements or the resolutions of the University Council.

11.1.1 Graduate Diploma Programs and Higher Graduate Diploma Programs

These programs are designed to emphasize the development of academicians and professionals with specific field expertise in order that they are able to exercise their proficiency effectively. A minimum of 24 credits is necessary for graduation.

11.1.2 Master's Degree Programs

This program is designed to emphasize the development of academicians and professionals who have advanced knowledge and academic or professional competencies through research. Students are expected to autonomously seek new knowledge, innovatively contribute to academic advancement, and synthesize pertinent fields. The programs must conform to the National Higher Education Development Plan, higher education philosophy, university philosophy, international academic and professional standards. Ethical and academic integrity is an essential prerequisite. A minimum of 36 credits is necessary for graduation. A minimum of 36 credits is necessary for graduation.

The master's degree programs are categorized into 3 plans:

Plan 1: Academic Plan. This plan emphasizes research, necessitating a thesis with a minimum of 36 credits.

Plan 2: Academic Plan. This plan emphasizes research and coursework, necessitating a thesis with a minimum of 12 credits.

Plan 3: Professional-oriented Plan. This plan emphasizes coursework and applied independent study, necessitating independent study of 3 to 6 credits.

11.1.3 Doctoral Degree Programs

This program is designed to emphasize the development of academicians and professionals who have advanced knowledge and academic or professional competencies through research. Students are expected to autonomously seek new knowledge, innovatively contribute to academic advancement, and synthesize pertinent fields. The programs must conform to the National Higher Education Development Plan, higher education philosophy, university philosophy, international academic and professional standards. Ethical and academic integrity is an essential prerequisite.

Doctoral degree programs are categorized into two plans.

Plan 1: A research-oriented plan necessitating a thesis that produces original information. Supplementary coursework or academic endeavors may be mandated, but not eligible for credit, and students must fulfill the specified learning outcomes.

Plan 1.1: A dissertation comprising a minimum of 48 credits is mandated for holders of a master's degree or its equivalent.

Plan 1.2: A dissertation comprising a minimum of 72 credits is mandated for those possessing a bachelor's degree or its equivalent, demonstrating exceptional academic achievement.

Plan 2: A research-intensive program necessitating a high-caliber dissertation that contributes to academic or professional knowledge, accompanied by the following curriculum.

Plan 2.1: Master's degree holders or their equivalent must complete a dissertation worth a minimum of 36 credits and at least 12 credits of graduate-level courses.

Plan 2.2: Bachelor's degree holders or their equivalent must complete a dissertation worth a minimum of 48 credits and at least 24 credits of graduate-level courses.

11.2 Students desiring to embrace the new curriculum must submit a request via their academic advisor for approval by the head of the academic division. Following acceptance, the modification must be communicated to the Registration Office for acknowledgment.

11.3 Program Categories are classified into three types.

11.3.1 Regular Program denotes a curriculum where Thai serves as the principal medium of instruction. Certain courses may utilize a foreign language as the medium of instruction when deemed suitable or essential.

11.3.2 International Program denotes a curriculum where courses are organized with a foreign language as the medium of instruction.

11.3.3 Bilingual Program denotes a curriculum in which English or another foreign language serves as the primary medium of instruction in conjunction with Thai.

11.4 Duration of Study

The duration of study adheres to the academic plan of each program.

11.4.1 Graduate Diploma and Higher Graduate Diploma Programs shall typically be completed within one academic year or its equivalent, or in accordance with the curriculum's defined study plan. The entire study period must not surpass twice the duration stated in the program. This excludes semesters formally sanctioned for a leave of absence.

11.4.2 Master's Degree Programs are generally finished within two academic years or their equivalent. The maximum duration shall not surpass five academic years, excluding sanctioned leaves of absence.

11.4.3 Doctoral Degree Programs

(1) For individuals with a bachelor's degree commencing a doctoral program, the typical duration is five academic years or its equivalent, as outlined in the study plan, not to exceed eight academic years, excluding sanctioned leaves of absence.

(2) For holders of a master's degree entering a doctoral program, the normal duration is three academic years or its equivalent, as specified in the study plan, not to exceed six academic years, excluding sanctioned leaves of absence.

11.5 In unavoidable situations when students cannot complete their studies within the designated timeframe, they may submit a request with grounds for an extension of the study term. Such demands must adhere to the University's formal proclamations.

11.6 Doctoral candidates who cannot fulfill their doctoral degree requirements within the designated timeframe may petition to graduate with a master's degree in the same or a similar discipline, contingent upon the graduation criteria provided in the pertinent curriculum.

Section 12: Courses Registration

12.1 Course Registration

The University organizes course registration for every semester. Students are required to comply with the subsequent regulations:

12.1.1 For Graduate Diploma, Higher Graduate Diploma, and Master's programs, general academic advisors will offer guidance and educational counseling in accordance with the study plan.

12.1.2 For Doctoral programs, a thesis advisory committee will be established to plan, guide, and oversee the student's academic endeavors and dissertation.

12.1.3 Course registration must align with University announcements. Students who fail to register within the designated period are required to pay a late registration fee, as stipulated by the University.

A registration is considered complete only upon payment of fees and receipt of all necessary documents by the University.

12.1.4 Students who have attained a grade of B or higher (or equivalent) in a course are prohibited from re-registering for that course. Any registration that contravenes this criterion shall be deemed null and void, except in instances where repeated registration is sanctioned by the curriculum.

12.1.5 Any registration that breaches registration conditions shall be regarded as invalid. The grade for such a course will be denoted as "W."

12.1.6 Students may enroll as auditors to augment their knowledge and will receive a grade of "V."

If a student registered under "V" desires to alter their grade to one that contributes to GPA calculation or to "S" (Satisfactory) or "U" (Unsatisfactory), they must adhere to the University's official procedure.

Students are prohibited from re-registering for any course in which they previously received a "V" grade. If a student re-registers for such a course, the registration will be considered invalid. An exception is made if the student transfers to a new program or changes their study plan, and the course is a required part of the new program or study plan.

12.2 Registration for Thesis and Independent Study shall strictly adhere to the University's official standards and announcements.

12.3 Registration for University Services

Students who do not enroll in courses during a particular semester but intend to utilize University services for research or other academic endeavors must adhere to University directives.

Noncompliance with registration deadlines incurs a late registration fee, as stipulated by the University.

Registration is deemed complete solely upon payment of requisite fees and submission of all necessary documentation to the University.

12.4 Registration for students in special associated programs or provisional graduate students shall adhere to University announcements.

12.5 Registration for students enrolled in or conducting research at overseas institutions must adhere to University announcements.

Section 13: The addition and withdrawal of courses shall adhere to the University's official announcements.

Section 14: Academic Evaluation and Assessment

14.1 The University shall conduct student academic performance at the conclusion of each academic unit, semester, or academic year, as applicable.

14.2 The University employs letter grades and a corresponding grade points to assess achievement in each subject. Letter grades are classified into three groups: grades with grade points, grades without grade points, and grades for which assessment is still pending.

14.3 Letter Grades, Definitions, and Grade Points

14.3.1 Letter grades accompanied by grade points:

Grade	Meaning	Grade Point
A	Excellent	4.00
B+	Very Good	3.50
B	Good	3.00
C+	Fairly Good	2.50
C	Fair	2.00
D+	Poor	1.50
D	Very Poor	1.00
F	Failed	0.00

14.3.2 Letter grades without grade points:

Grade	Meaning
S	Satisfactory
U	Unsatisfactory
V	Visiting (Audit)
W	Withdrawn

CE	Credits from Examination
CP	Credits from Portfolio
CS	Credits from Standardized Tests
CT	Credits from Training
CX	Credits from Exemption

14.3.3 Grades for courses pending evaluation and assessment shall be defined as follows.

Grade	Meaning
I	Incomplete
P	In Progress
T	Thesis or Independent Study in Progress

14.4 The letter grade “I” indicates that the student was unable to complete the assessment and evaluation for the course due to compelling and justifiable reasons supported by appropriate documentation. The assignment of the grade “I” must be approved by the course instructor and authorized by the head of the academic unit offering the course.

Students must complete the assessment and evaluation to resolve the “I” grade within 30 days from the start of the following regular semester or summer session in which the student is enrolled in the course or registered for University services. If the student fails to comply within the specified period, the University shall convert the “I” grade to an “F” or “U.”

In the case where the student has been granted a leave of absence for the semester, the “I” grade shall not be subject to assessment or evaluation.

14.5 The letter grade “P” indicates that the course is ongoing and has not been assessed or evaluated within the semester of enrollment. This grade is applied only to specific courses as designated by the curriculum.

The “P” grade shall be converted once the assessment and evaluation are completed. This must occur no later than the final date for grade submission in the subsequent regular semester in which the student is enrolled in the course or registered for University services. If the student does not receive assessment and evaluation within this period, the “P” grade will be converted to an “F” or “U.”

14.6 The letter grade “T” indicates that the thesis or independent study has not yet been evaluated due to ongoing research.

14.7 The letter grade “V” indicates that the student has enrolled in the course as an auditor and is not required to undergo assessment or evaluation but must attend no less than 80 percent of the total class hours. If the student fails to meet the attendance requirement or fails to comply with the course requirements, the instructor may change the “V” grade to a “W.”

14.8 The letter grade “W” indicates the following:

14.8.1 Registration is invalid due to conditions specified in Clauses 12.1.4 and 12.1.6.

14.8.2 Registration fails to meet the conditions specified in Clause 12.1.5.

14.8.3 Attendance or participation fails to meet the requirements specified in Clause 14.7.

14.8.4 The student is suspended for the semester.

14.8.5 The student has withdrawn from the course in accordance with the specified conditions.

14.8.6 The student has failed to pass the proposal stage of the thesis or independent study during the first semester of registration for the thesis or independent study.

14.8.7 In cases of force majeure, withdrawal, death, or when the University approves the withdrawal of all registered courses.

14.9 For required courses, students must achieve a letter grade of no less than “C.” If a student earns a grade lower than “C,” they must mandate to retake the course until a grade of “C” or higher is attained.

For required courses evaluated on an “S” or “U” basis, students must achieve a grade of “S.” If a student receives a “U,” they are required to repeat the course until an “S” grade is successfully attained.

14.10 In cases where students enroll in undergraduate-level courses, the regulations and rules regarding registration, course addition, course withdrawal, and assessment and evaluation at the undergraduate level shall apply mutatis mutandis.

The determination of prerequisites for each course shall be at the discretion of the course instructor.

14.11 The letter grades CE, CP, CS, and CT are specifically designated for certain courses approved by the University for credit or transfer from non-formal or informal education systems into the formal education system.

14.12 The grades S, U, I, P, T, W, CE, CP, CS, CT, and CX are excluded in the calculation of the Grade Point Average (GPA).

14.13 Accumulated Credit Calculation:

14.13.1 Only courses in which students receive a grade of A, B+, B, C+, C, S, CE, CP, CS, or CT shall be counted toward accumulated credits for graduation under the curriculum.

14.13.2

In the case that a student registers for the same course more than once, only the credits from the most recent enrollment will count towards the accumulated credits for graduation. An exception applies to courses designated by the University as repeatable, in which case all enrollments may count for credit.

Credits from undergraduate-level foundation courses shall not count toward the accumulated credits for graduation.

14.13.3 If a student enrolls in two or more courses with equivalent content, only one of these courses may be counted toward the accumulated credits.

14.14 The Grade Point Average (GPA) is calculated based on the total credits and grade points earned from all enrolled courses, including repeated courses, except for courses with grades specified in Clause 14.12, undergraduate-level foundation courses, and thesis-only programs.

14.15 The GPA is calculated by taking the sum of the products of the credits and grade points for each course, as specified in Clause 14.14, and dividing it by the total number of credits from all courses with grade-bearing letter grades, with the exception of those specified in Clause 14.12. The result should be rounded to two decimal places. If the third decimal place is 5 or greater, the second decimal place shall be rounded up.

14.16 In cases where students have taken a course listed under one academic program, they may request to transfer or credit that course toward another academic program, subject to the University's announcements.

14.17 If there is a complaint or evidence indicating that the assignment of letter grades in any course was inaccurate, not in accordance with the regulations, or inappropriate, the president or head of the academic unit shall have the authority to appoint a committee to investigate the facts and take appropriate action.

Section 15: Requirements for foreign languages shall be determined by University announcements.

Section 16: The Qualifying Examination is conducted to assess the preparedness and proficiency of doctorate candidates prior to their eligibility to propose a thesis topic and outline.

16.1 The student must have consent from the primary thesis advisor before submitting a request to the academic unit.

16.2 The Chairperson of the Graduate Studies Committee of the academic unit shall appoint the Qualifying Examination Committee. The committee shall comprise a minimum of three faculty members, with the principal thesis advisor serving as chairperson. At least one member must belong to the same or a related academic discipline and must not serve as a co-advisor for the student.

16.3 The academic division is required to submit the examination results to the Registration Office within one week following the examination day.

Students who do not pass the Qualifying Examination shall be permitted a second attempt. A request for a retake and the associated examination retake fee must be filed to

the Registration Office. The retake must be completed within the following regular semester during which the student is enrolled in coursework or University services.

Should the student fail the retake, they may submit a petition to the Graduate Program Administrative Committee of their academic discipline for evaluation and recommendation to the University, through the Registration Office, to seek approval for a transfer to a Master's degree program in the same or a related field.

Section 17: Comprehensive Examination

The Comprehensive Examination evaluates the student's extensive knowledge, proficiency in synthesizing concepts and content, and aptitude for applying knowledge to problem-solving. To be eligible students must have completed all requisite courses in the program and must have achieved a minimum grade of "C" in all mandatory courses.

17.1 The Comprehensive Examination is relevant to Plan 3 master's degree candidates. Students enrolled in Plan 1, Plan 2, or doctoral programs must adhere to the requirements outlined in their respective curricula.

17.2 The procedures for the Comprehensive Examination are as follows:

17.2.1 The Chairperson of the Graduate Studies Committee of the relevant academic unit shall appoint a committee comprising a minimum of three faculty members to serve as the examination committee.

17.2.2 The academic unit is required to report the examination results to the Registration Office within one week following the examination date.

Students who do not pass the Comprehensive Examination are permitted one retake. A request for a retake and the associated examination retake fee must be filed to the Registration Office. The retake must be completed within the subsequent regular semester during which the student is enrolled in coursework or University services.

Section 18: Thesis and Independent Study

The protocols for executing a thesis or independent study shall adhere to the University's official directives.

Intellectual property rights resulting from the thesis or independent study shall be regulated by Chiang Mai University's Regulations on the Management of Intellectual Property, Research Works, and Innovations. A written contract shall be executed in such instances.

Section 19: Termination of Student Status

Student status shall be terminated in the following cases:

19.1 Death

19.2 Voluntary resignation

19.3 Transfer to another higher education institution

19.4 Failure to meet any qualification requirement for student admission as specified in Section 5

19.5 Failure to register for coursework within the period specified by the University and failure to register for University services and/or request a leave of absence within 30 days from the start of the regular semester

19.6 Expiration of the maximum study period as specified in Section 11.4 from the start of the first semester, excluding approved leave of absence

19.7 Doctoral students who fail the Qualifying Examination and do not receive University approval to transfer to a master's degree program under Section 16.

19.8 Failure to gain approval for the thesis or independent study proposal within the specified period:

19.8.1 Master's degree (all study plans): within 2 academic years, excluding approved leave of absence

19.8.2 Doctoral degree (all study plans): within 3 academic years, excluding approved leave of absence

19.9 Completion of the study period without accumulating any credits, except for programs that comprise only a thesis, excluding approved leave of absence

19.10 Failure to pass the Comprehensive Examination under Section 17

19.11 Failure to pay tuition fees within the period specified by the University

19.12 Graduation

19.13 University-imposed termination of student status

Section 20: Leave of Absence

20.1 Students desiring a leave of absence or mandated to take one for an entire semester or academic year must remit the fees stipulated by the University for each semester.

20.2 Students intending to withdraw from the University must file a petition via their general academic advisor, to the academic unit, and subsequently to the University within the timeframe outlined in the academic calendar. The termination of student status will occur only upon the approval of the resignation.

Section 21: Reinstatement of Student Status

21.1 Students whose status was revoked under Sections 19.2, 19.3, 19.5, or 19.11 may petition for reinstatement in the following regular semester by submitting a request to the academic unit through the Registrar's Office for case-by-case evaluation.

21.2 Students whose status was terminated by the University due to misconduct, unethical conduct, or legal infractions shall be ineligible for reinstatement under any circumstances.

Section 22: Nomination for Degree or Graduate Diploma Conferment

In the final semester before completing the program, students must declare their expected graduation status in accordance with the procedures of the Registrar's Office and inform the relevant academic unit through their general advisor or thesis/independent study advisor.

Students nominated for approval to be awarded a degree, graduate diploma, or higher graduate diploma must meet the following conditions:

22.1 Completion of all courses and requirements as specified in the curriculum

22.2 A cumulative GPA of not less than 3.00 and a GPA of not less than 3.00 in the specific field of study, except for programs comprising only a thesis

22.3 Language proficiency must be demonstrated by examination or other approved methods according to the University announcement.

22.4 Passing the Comprehensive Examination for Plan 3 Master's degree students (Professional-Oriented Plan) and for programs that stipulate a comprehensive examination requirement.

22.5 Passing the thesis or independent study evaluation, with the presentation open to interested audiences for participation and/or discussion

Doctoral theses must be written in English or another approved language as per University announcements.

22.6 The thesis or independent study must be disseminated in accordance with University announcements approved by the Academic Council and specified in the curriculum

22.7 Fulfillment of all qualifications as stipulated in the University's Regulations on the Consideration of Honor and Dignity of Students eligible for degree or diploma conferral.

22.8 Academic integrity, ethics, and professionalism must be upheld. All work must be genuine, lawful, equitable, and impartial, devoid of fabrication, falsification, infringement, plagiarism, duplication, or academic dishonesty.

22.9 Fulfillment of all other graduation requirements as mentioned is mandatory.

Section 23: Appeal

Should the University issue an order or ruling under these regulations, a student who contests such order or ruling may appeal to the President within 30 days of receiving the order or ruling in question. The President's decision shall be final and conclusive.

Section 24: In exigent circumstances, the University Council may adopt a resolution to temporarily suspend the enforcement of any provision of these regulations.

Section 25: The President shall be accountable for the implementation of these regulations.

In exceptional circumstances, the President shall possess the authority to issue directives and undertake actions as deemed necessary.

Any matter not specifically addressed in these regulations shall be governed by announcements or regulations issued by the President in accordance with these regulations, ensuring such issuances do not contradict or conflict with the provisions herein. The President shall have the authority to interpret these regulations and render final decisions on any matters arising from their implementation. Such interpretations and decisions shall be final and reported to the University Council.

Announced on, , B.E. 2568

-signed-

Adjunct Professor Dr.Surakiart Sathirathai
Chairman of Chiang Mai University Council
