### What can I change or add to my student record?

1. First name, middle name, surname
2. The spelling of the name in English or Thai
3. National ID number, passport number, and nationality
4. Student's address. For undergraduates, only the parent's addresses can be adjusted.
5. Title or Rank, only for graduate students.
6. Parent's information
7. Phone number

### Where can I have my student record changed?

1. On the Registration System by signing in with CMU Account
2. At the Registration Counter Service

### What documents should I submit for information adjustment?

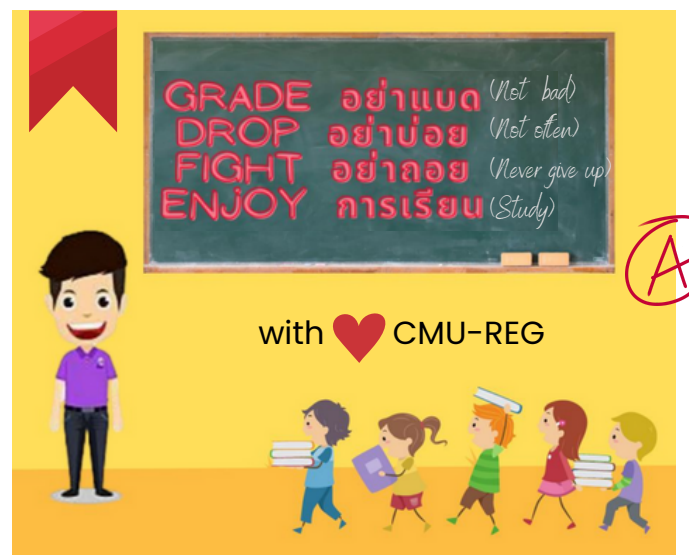

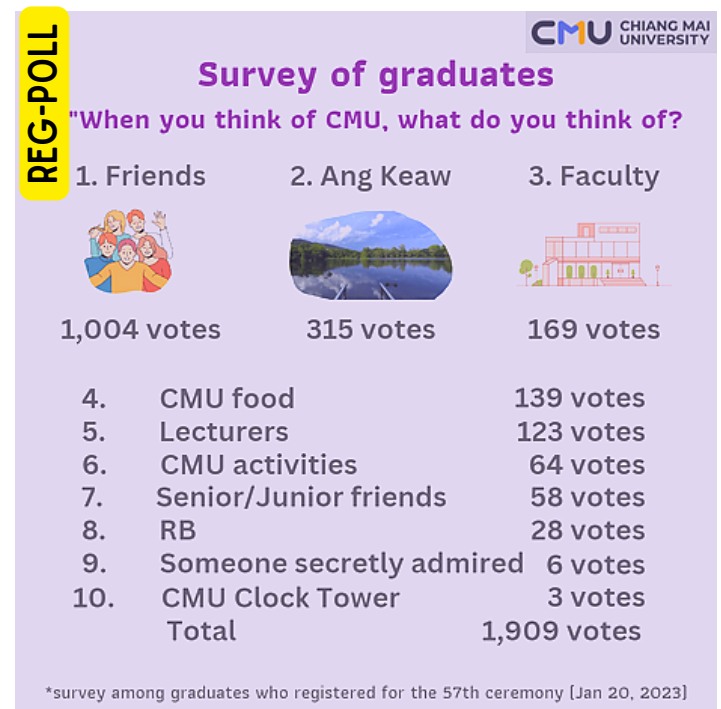

1. A copy of the Certificate of Name Change and National ID Card for the change of name.
2. A copy of the Certificate of Residence Registration with the parent's name for change of address.
