	<b>regcmu</b>

# What happens if you don't enroll or leave of absence within 30 days after starting sem. 2/2023

It has been almost 30 days since the first day of semester 2/2023. Have you enrolled or taken a leave of absence?

Students must enroll in course(s), enroll for university service, or take a leave of absence to maintain their student status. If no action is taken before December 13, 2023, the students will be at risk of **losing their student status** due to failure to enroll in courses within the designated period and enroll for university services, and/or request a leave of absence within 30 days starting from the first day of a regular semester. It is advised to proceed with one of the three options as soon as possible. REG has warned you!

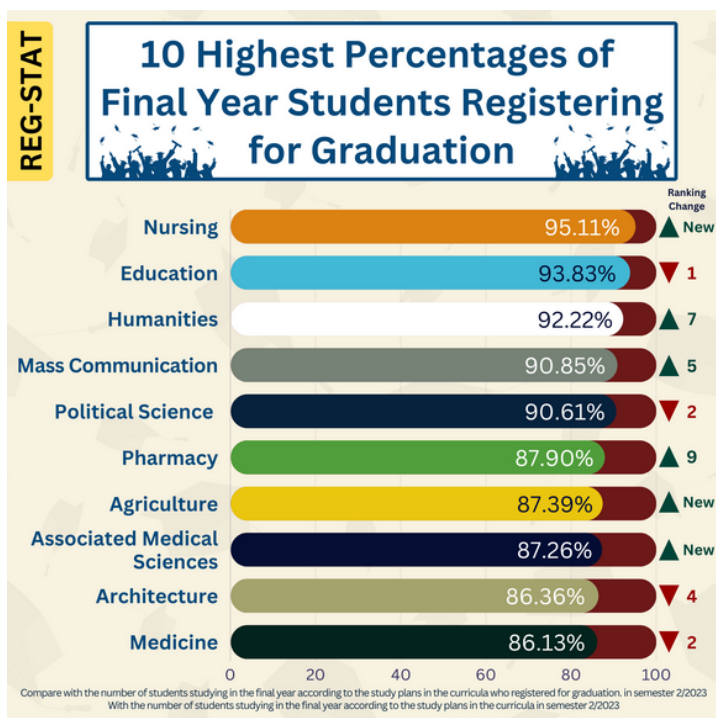

If you find any problem, or have any question about enrollment or leave of absence request, please feel free to leave us a message on the Facebook's Inbox.

## REG-STAT

### 10 Highest Percentages of Final Year Students Registering for Graduation

From the statistic of semester 2/2023's registration for graduation, it is revealed that there are 5,380 final year students according to the study plans in the curricula who registered for graduation this semester from 6,507 final year students according to the study plans in the curricula. The percentage is 82.68%. 10 faculties with the highest percentage of final year students registering for graduation are as follows in this REG STAT:
